

2018 Crab Feed
FAMILY DONATION DRIVE!
NOVEMBER 27TH THROUGH DECEMBER 21ST

Family Donations have replaced the class basket requirement for this year's Crab Feed!!

Why are we making this change?

This change will help simplify the family donation process and ease the burden on the demands of putting together a class basket. It also takes into consideration those families that have multiple children who are asked to donate to multiple baskets. Additionally, you are now given the ability to choose your donation instead of having it be dictated by the theme of a basket.

How will my donation be used?

The donations received will be used to make up packages for our Silent Auction. Depending on the item, they may also be used in a Live Auction Package or put in the On-Line Auction. Finally, they may be used to support a Teacher Treasure.

Am I expected to give and if so, how much?

As we have every year in the past with class baskets, we are asking each family to participate in our Donation Drive by choosing a donation at a level they are comfortable donating. We also encourage families to pair up with other families to make multi-family donations especially with some of the larger items. Also, if you are able to obtain a donation from your place of business that may not necessarily be on the list, that is also an option.

Do I have to buy one of the items off of the Wish List?

The items listed on the Sign Up Genius Wish List are items that typically sell well in a Silent Auction and/or help to make enticing baskets. They also serve as a way to get you thinking of similar type items that you may have access to or wish to donate. In the event you have another idea (especially knowing this list is by no means exhaustive), please fill out the Neon Green Solicitation and Tax Donation Form that accompanies this letter and turn it into the front office along with the donation. The Green forms should also be used by those signing up on the Sign Up Genius to serve as a tax record for their donation. Monetary donations to be used towards the purchase of an item are also accepted in any amount.

How do I donate?

Take some time to review the items on the Sign Up Genius Wish List that contains both specific requests and ideas for donations. Signing up for an item indicates your willingness to donate. Donations (along with the Green Form if not signing up directly on the Sign Up Genius), can then be turned into the Front Office.

Goal and Incentive

Our goal for this Donation Drive is 100% participation from all of our school families. Attached to this letter is an incentive program that Mr. Quilici has approved for the students with each level of achievement.
