Dear Parents and Guardians,

For the 2018-19 school year, St. Joseph's is once again pleased to offer parents the ability to manage their child's meal account over the Internet by using PayForIt.net, an online school management tool. PayForIt.net may be accessed via the stjoes.com website via Lunch Program and click on the PayForIt.net link or go to www.payforit.net.

This service benefits schools, parents and students. The Kitchen Manager will spend much less time taking deposits at the serving line, parents do not have to worry about the money not reaching the school and students never have to worry about not having money to pay for lunch.

With PayForIt.net, parents can log in at any time to make a deposit to their child's account, view their child's account balance, set up recurring deposits to their child's account, set up e-mail notifications when their child's account falls below a certain dollar amount, or request a report showing what the child has purchased on their account. Payment processed before 9pm ET should post to the student's account the next morning, in most cases.

There is a transaction fee that is assessed to each transaction. The fee is only charged when you add money to your child's account. You can view their account balance and see what they have purchased without having to incur this fee. If you have multiple children enrolled in the school, you can add money to each child's account during the same transaction.

Transactions processed by PayForIt.net are safe and secure using Secure Socket Link, a SSL, technology with Digicert. With this technology, schools can be assured that all student information, credit/debit card information and all other student data will be highly encrypted and secure.

If you wish to use a Mac computer to process a transaction, you must use the Firefox internet browser; PayForIt.net is not currently compatible with Safari, You may download Firefox for free by visiting www.mozilla.com.

If you choose not to use PayForIt.net for credit/debit card transactions, St. Joseph's School continues to accept cash and checks at the school office. *As a reminder, St. Joseph's School charges a 3% convenience fee on all credit/debit charges.*
